

ENERGIZING THE WORLD

2025

ABOUT SONGFUL ENERGY GROUP LTD

Driving Innovation and Excellence in the Global Energy Market

Welcome to Songful Energy Group Limited, a young and vibrant energy company based in the heart of Malaysia. Established in 2023, we have swiftly emerged as a player in the energy sector, driven by a commitment to innovation and sustainability.

At Songful Energy, our primary focus lies in the trading of oil and gas and the generation of power. Leveraging cutting-edge technology and industry expertise, we ensure reliable and efficient energy solutions for our diverse clientele.

Understanding the evolving energy landscape, we are also dedicated to expanding our portfolio into renewable energy. Our future-forward vision includes investments in sustainable and clean energy sources, underscoring our commitment to environmental stewardship and the global transition to greener alternatives.

Songful Energy Group Limited (Co.No. LL20452)
is a subsidiary of Songful Holdings Berhad (Co.No.1326598-M).

VISION MISSION & VALUES

OUR VISION

Our vision is to contribute to the Oil & Gas industry with new ideas and strategies whilst benefitting all the small and medium Oil & Gas players and stakeholders.

OUR MISSION

Our next 10 years mission is to own and trade LNG up to 10 million tons per year, mainly for small and medium players in China and South East Asia market.

To own and operate a 700 MW gas-fired power plant in East Malaysia starting from 2028 to support industrial development in the region.

OUR VALUES

Transparent

We commit to fostering an environment of open communication and mutual respect, where honesty, accountability, and trust are the cornerstones of our interactions. We ensure fairness and clarity in all our actions and decisions, creating a transparent and inclusive culture that empowers everyone to achieve excellence.

Intelligent

We champion a culture of creativity and entrepreneurship, striving for sustainable solutions through collaboration and agility. We embrace innovation and adaptability, continuously solving problems to drive progress and excellence.

Excellent

We uphold a culture of achievement and quality, driven by professionalism and discipline. Through continuous improvement and unwavering dedication, we strive for excellence in all our endeavours.

PRODUCTS & SERVICES

Oil & Gas Marketing & Trading

At the heart of our business lies a passion for excellence in oil and gas marketing and trading. With decades of combined experience and an extensive network, we consolidate the right expertise to enhance the energy market. Our portfolio of oil and gas products includes:

Liquefied Natural Gas (LNG)

We do long and short-term LNG marketing as well as spot LNG trading. Our main customers are in China and South East Asia, focusing on small and medium energy players. We are also looking forward to extend our activities to other parts of the world.

Power Generation

We are proud to announce our investment in a gas-fired power plant project in East Malaysia. Utilizing highly efficient Combined Cycle Gas Turbine (CCGT) technology, this plant will generate up to 700 MW of electricity, to support the state's industrial development plan and enhancing the region's energy supply.

With an expected start-up date around 2029, this project holds immense national importance, contributing not only to our company's financial growth but also to the energy security and economic development of East Malaysia.

Join us in powering a brighter, more sustainable future.

WHY CHOOSE US?

WHY CHOOSE US?

HERE'S WHY PARTNERING WITH US SETS YOU APART:

NETWORK

We leverage strong connections with leaders of major multinational firms and national oil companies in North and South East Asia, providing unparalleled access and opportunities.

EXPERTISE

With over 100 years of combined experience in natural gas, crude oil, and crude oil products trading, our team excels in negotiations, contracting, and logistics planning, ensuring seamless and efficient operations.

COMPETITIVENESS

With our strengths and with the right strategy, confidently we can present a competitive advantage to the energy industry especially to small and medium energy players

TEAM AND LEADERSHIP

Profile of the Management Team

*Guo Zhong
President*

Guo Zhong brings a wealth of experience and expertise to our team. He holds both a Bachelor's and Master's degree in International Finance from Liaoning University. Over his distinguished career, he has held key positions such as Founder and Director in several companies. His entrepreneurial spirit is evident through his founding of multiple successful ventures across various industries, including gold mining, uranium mining, molybdenum mining, banking, real estate, tourism, life sciences, refrigeration equipment and agriculture. With his extensive network and deep industry knowledge, Guo Zhong is instrumental in driving our company's growth and success.

*Norrazak Bin Haji Ismail
Managing Director*

Norrazak Ismail is a distinguished leader with a long and impactful career at Petronas. With hands-on experience in the LNG and LPG sectors, he is a pioneer in Malaysia's LNG industry and a prominent figure in the field worldwide. Norrazak has made significant contributions to key projects, including MLNG 2 and 3, where he notably cooperated with Nuovo Pignone for turbine selection. Reporting directly to the Petronas Investment Group Committee, he has held several senior roles such as Senior Advisor and Director on Energy and Oil and Gas Business in Southeast Asia. Norrazak holds a Bachelor's degree in Chemical Engineering from North East London University, United Kingdom, and a Diploma in Industrial Chemistry from UITM, Malaysia. His expertise and leadership are pivotal to our company's success.

*Ruslan Bin Khamis
General Manager Commercial*

Ruslan Khamis is an accomplished professional with extensive experience in the LNG industry. As the General Manager LNG Operations for Petronas LNG Sdn Bhd, he successfully managed the delivery of over 400 cargoes per year worldwide. In his role as General Manager Marketing for the South East Asia Market, he strategically marketed LNG across the region. Ruslan also held senior positions overseeing the Japan Market, managing a fleet of over 20 LNG carriers. Additionally, as Senior Manager and Director for Japan Malaysia LNG Corporation, he directed delivery operations to Japanese buyers with over 250 cargoes per year. His tenure as Senior Executive Commercial at Malaysia LNG Tiga Sdn Bhd saw him marketing 6.8 million tonnes of LNG annually to Japan, Korea, Taiwan, China, South East Asia, and India. With his hands-on experience and strategic insight, Ruslan plays a pivotal role in our commercial operations. He holds a bachelor's degree in Mechanical Engineering from Wakayama National College, Japan.

*Datuk Kee Zainal Abidin Bin A. Jalil
Technical Advisor*

Datuk Kee Zainal Abidin is a seasoned engineer with over 40 years of experience in the Oil and Gas, Petrochemical, and Energy industries. He began his career in 1976 as a Facilities Design Engineer, specializing in midstream engineering and design. Throughout his distinguished career, he has worked as a petroleum production engineer and a design and project engineer. Datuk Kee has successfully managed several construction projects, including crude oil terminals, LNG plants and terminals, pipeline installations, and petrochemical plants. His expertise extends to Oil and Gas asset evaluation, economic forecasting, and contracts management. He has held key positions with renowned companies such as Shell, Exxon, Sanko Engineering Japan, and Rotary Engineering Limited Singapore. Datuk Kee holds a Bachelor's degree in Electrical and Electronics Engineering and an advanced diploma in Mechanical Engineering. His extensive knowledge and hands-on experience make him an invaluable advisor to our team.

TEAM AND LEADERSHIP

Profile of the Management Team

*Datin Noorlily Zuriati
Legal Advisor*

Datin Noorlily Zuriati brings 27 years of extensive experience in the oil and gas industry, both in Malaysia and overseas. Her expertise includes structuring and negotiating project agreements, product commercialization agreements and shareholders' agreements. With 17 years dedicated to the LNG business, her experience spans the entire value chain, from plant construction and process licenses to project financings, plant operations, feedstock supply, LNG sales and purchases, and time charter parties. Datin Noorlily is a Law graduate with Honours from the University of London and holds a Certificate in Legal Practice from the Malaysian Legal Profession Qualifying Board. Her comprehensive legal expertise is an invaluable asset to our team.

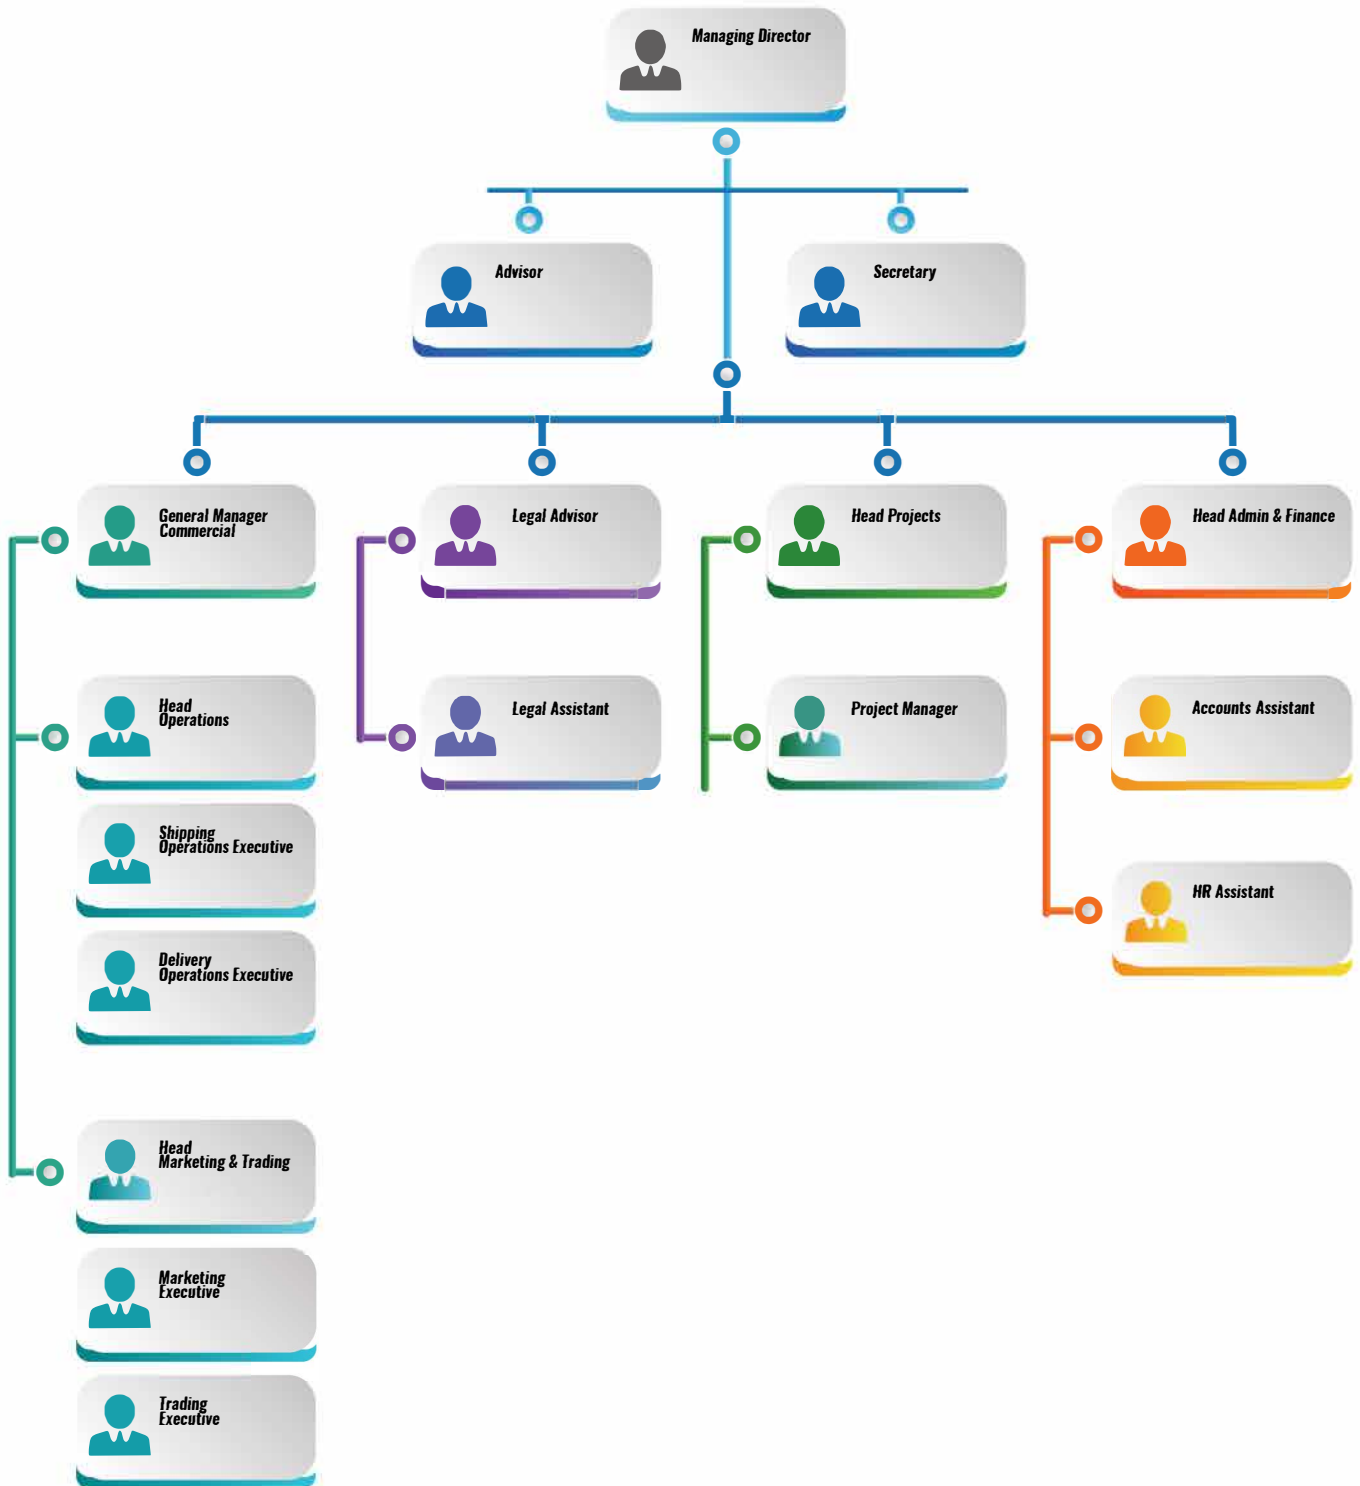

*Eugene Khoo Teik Yi
Business Development Director*

Eugene Khoo is a dynamic force in business development with a background in the tourism and food and beverage industries. As an accomplished entrepreneur, he brings a wealth of creativity and critical thinking to the table. As a seasoned investor, he consistently identifies and capitalizes on opportunities. With exceptional leadership and management skills, Eugene drives innovative solutions and strategic growth, ensuring success in every venture we undertake. His entrepreneurial spirit and diverse experience make him an invaluable asset to our team.
